

Title: Purchasing Manager - idX Baltimore

Company Information:

idX is the leading custom fixture and millwork manufacturer in the world. With facilities strategically located throughout North America and operations expanding globally into Asia and Europe, idX is helping companies such as Charles Schwab, Discovery Channel, Levi's, Marriott, Michael Kors, Microsoft, Nike, Ralph Lauren, Starbucks and Tommy Hilfiger achieve their brand vision.

Our mission is to differentiate idX from the competition by offering the economic and operational benefits of an international company while servicing the customer like an entrepreneur. idX has the expertise to integrate multiple materials including wood, metal, glass, laminates and veneer into outstanding retail environments. With personalized attention, extensive capabilities and a focus solely on fixturing and millwork, idX continues to deliver passionate service and exceptional quality products to our customers.

idX Baltimore is located in Odenton, near Ft. Meade, Maryland. At this plant we manufacture these three products: wood, acrylic, and metal parts.

Description:

The Purchasing Manager will be part of a team working to research, develop, and communicate new products and services. This person will partner with vendors to negotiate price-quality breakdowns, procure quality products and materials ensuring timely delivery to meet production and customer requirements.
